

DEBT POLICY

Intent: To provide Council with a debt management strategy based on sound financial management guidelines.

Scope: This policy applies to all borrowings of Cairns Regional Council including all of the commercialised business units of Council.

PROVISIONS

The following sets out the Debt Policy for the year ending 30 June 2023 as required by chapter 5, part 4, and section 192 of *Local Government Regulation 2012*.

Borrowings are obtained from Queensland Treasury Corporation (QTC), with the exception of capital projects funded under interest-free loan agreements with Economic Development Queensland (EDQ). Council maintains both long and short term borrowings. Borrowing approvals are subject to an annual approval process facilitated by the Department State Development, Infrastructure, Local Government and Planning.

Short Term Borrowings

Short term borrowings are provided through a Working Capital Facility (WCF). Council maintains a WCF to effectively manage cash balances throughout the year in order to delay the drawdown of long term debt. Any drawdowns from the facility are typically fully repaid within one year.

Councils WCF limit is \$60 Million.

Long Term Borrowings

Long term borrowings are utilised to fund the construction of long-term infrastructure assets that provide essential services and ongoing benefits to the community. QTC Borrowings are repaid on a monthly basis. EDQ loan repayments are made annually.

Planned long term borrowing requirements are set out below:

Year and Purpose of Borrowing	Amount	Term
2023/24 Capital Works Program	\$45M	15 years
2024/25 Capital Works Program	\$61M	15 years
2024/25 EDQ – Mt Peter	\$6M	12 years
2025/26 Capital Works Program	\$82M	15 years
2025/26 EDQ – Mt Peter	\$9M	11 years
2026/27 Capital Works Program	\$33M	15 years
2027/28 Capital Works Program	\$22M	15 years
2028/29 Capital Works Program	\$8M	15 years
2029/30 Capital Works Program	-	-
2030/31 Capital Works Program	\$10M	15 years
2031/32 Capital Works Program	\$20M	15 years
2032/33 Capital Works Program		

The default repayment term of new loans is 15 years however will be set on a case by case basis (up to a maximum of 20 years) to ensure best use of Council’s surplus funds. The planned repayment of existing long term borrowings is as follows:

Year and Purpose of Borrowing	Current Balance	Term Remaining
2021/22 Borrowings	\$27M	9 years
2020/21 Borrowings	\$24M	8 years
2019/20 Borrowings	\$43M	7 years
2018/19 Borrowings	\$12M	6 years
2017/18 Borrowings	\$17M	5 years
EDQ – Mt Peter (interest-free)	\$1M	4 years
2015/16 Consolidated Debt	\$31M	3 years
Holloways Beach Rock Wall Stage 2A	\$13K	1 years
Holloways Beach Rock Wall Stage 2B	\$27K	1 years

Principles

- Council aims to finance capital works and new assets to the greatest extent possible from revenue, grants and subsidies.
- Financing of major infrastructure assets requires a strategic approach to evaluate the risk exposure of Council.
- Council should continually evaluate its financing options to ensure it assesses the relative risks and benefits, including the performance of its finances.
- Council will not use long-term debt to finance operating activities or re-current expenditure of Council.
- Council maintains a WCF to effectively manage cash balances throughout the year in order to delay the drawdown of long term debt.
- Council's long term financial model will provide the basis for determination of funding options.
- Council will only enter into finance lease agreements in line with the provisions contained in the *Statutory Bodies Financial Arrangements Act 1982* and the *Local Government Act 2012*.

◆◆◆◆◆

This policy is to remain in force until otherwise determined by Council.

Director Responsible for Review:
