FAQ (Frequently Asked Questions)

How many of my works will be on display in the exhibition?

Each artist will have 2 works on exhibition. The original work the artist submitted, and then the new work that they produce in response to another artist's work. We had 32 artists last year which meant a total of 64 artworks on exhibition!!

Is it OK for me to submit an old work for my initial submission piece?

YES! We know you are busy so actually we want you to choose an existing work that you have done some time in the last two years. (2D max 1x1metre / 3D no max size)

Do I have to use the same materials as the artist whose work I am responding to?

Simple answer is "NO!"..... let your imagination run wild! If photography is a media you feel very confident with, then respond to the painting or sculpture you are given by taking a photograph! If you are a film-maker, then feel free to produce a short film or animation in response to the drawing or photo you are given. Just remember that 2D works are limited to max 1x1metre in size.
