Cairns is renowned internationally as the gateway to two of the world’s most precious and pristine natural wonders - the Great Barrier Reef and Ancient Tropical Rainforest.

Cairns is a vibrant, sophisticated tropical city that welcomes more than two million visitors every year. Our region’s unique natural attractions, enviable climate, relaxed lifestyle and friendly hospitality make this one of Australia’s most desirable places to live, visit and do business. With our world-class infrastructure and services, and Cairns Regional Council’s film-friendly approach, Cairns is the smart choice for your next project. Our spectacular location and support network make it all work!
The Cairns Region is a spectacular location for photography and filming movies, documentaries, television programs and commercials.

This is the only location on earth where two World Heritage areas meet. Cairns is framed by the Great Barrier Reef - one of the world’s most important natural assets and home to more than 9000 species of coral, birds, fish and marine life - and Ancient Tropical Rainforest - the world’s oldest tropical rainforest and a living, breathing ark which is home to many plants and animals found nowhere else on earth. The iconic Daintree River Ferry is the only cable ferry in tropical Australia and the gateway to the Daintree Rainforest.

With its unparalleled natural beauty and pristine natural environment, the region offers a mix of spectacular, accessible locations across metropolitan, coastal, mountain ranges, lush highlands, marine and fertile agricultural areas growing exotic tropical fruits. In our green jewel of cool rainforests, fringed by the Great Barrier Reef, you will find stunning waterfalls, volcanic crater lakes teeming with native wildlife as well as tropical botanic gardens and picture-postcard palm-fringed beaches. Our built infrastructure assets include world-class sporting facilities, the award-winning Cairns Esplanade Parklands, one of Australia’s busiest international cruise ship ports and a congress and convention centre ranked as one of the world’s Top 4.

Our spectacular locations and world-class infrastructure, coupled with Council’s film-friendly approach, make Cairns the smart choice for your next film project.

Contact Cairns Regional Council’s Film Liaison Officer for more information and help with local locations, infrastructure, services and community contacts to support your next filming project in the Cairns region.
